LET'S BUILD THE RIGHT SOLUTION TOGETHER

Organizations frequently combine multiple topics into leadership development programs, team retreats, conferences and large-scale learning initiatives.

Every organization is unique. Contact Us to request a call with Dave to discuss your goals, challenges and desired outcomes, and we'll help you build a customized learning solution that creates measurable results!

Ask Dave Anything Events - No Charge !

For one hour participants ask questions and Dave answers them.

Register

Ask Dave Anything is one of the most popular components of Dave Jones' leadership and management programs — now available as a standalone virtual session. This high-impact, interactive hour is designed to help you tackle the real issues you're facing at work.

Each session focuses on a specific topic to keep the conversation targeted and valuable. Like all Ask Dave Anything sessions, you'll have the opportunity to ask your questions on topic or not. Come get answers to your questions, learn from others' challenges, and walk away with practical tools and strategies you can apply immediately.

Every session is a unique learning opportunity!

Ask Dave Anything Session Dates

FULL COURSE LIST
Delivered by Dave Jones

Managing For Superior Results 1

How to succeed as a new manager!

Best For: New Managers **2 Days**

Most managers are promoted for technical skill, then left to adjust on their own. This course gives you a practical toolkit to improve fast without paying a high personal price.

LEARNING OUTCOMES

- Understand the shift from technical expert to manager
- Build a personal toolkit for day-to-day management
- Create motivation, commitment and accountability
- Improve results without burning out

Outline PDF | Register

Managing for Superior Results 2

How to advance your management career!

Best For: Experienced Managers Wanting To Advance Their Management Career **2 Days**

For managers who are given more to do: limited resources, struggling teams, leading other managers, leading up, and implementing change.

LEARNING OUTCOMES

- Deliver results when time and resources are short
- Turn around struggling teams
- Lead other managers and lead up effectively
- Drive change initiatives and bring optimism
